

TIRED OF TECHNOBULLIES KICKING SILICON IN YOUR FACE? BUY MY BOOK AND YOU'LL BE THE

ALPHA GEEK

IN JUST A FEW SHORT WEEKS!

Tired of being put down as a newbie by your techno-savvy friends? Can't find the on-ramp to the Information Superhighway? I'm Eric Skarky, and I can help. Hey, I was a total technoloser until I discovered the secret to being the dominant geek in my circle. I know what it's like to be laughed at because you don't know what you're talking about.

Read my book, **Alpha Geek: Becoming a Silicon Silverback** and you'll be the envy of every MCSE for miles around. You'll learn valuable

lessons in chapters like these: *How to Pronounce Linux* • *Bandwidth and Megahertz: Keys to The Geek Kingdom* • *How to Diss Microsoft* • *Pocket Protectors: More Than Just a Fashion Statement* • *Acronyms And How To Drop Them* • *Disagreeing With Jesse Berst: One Step To Instant Geek Credibility* • *Just Add RAM: Solving Any Windows Problem* • *Why You Need At Least Five Computers On Your Home Network* • *Gibs and Frags: The Language of 3D Gamers* • and more!
