Do your friends suck? Hey, we understand! They get on your nerves, make fun of your annoying habits, and hardly ever laugh at your jokes. Not to mention that they dress funny. But hey, we all have our crosses to bear. Yours happens to be the fact that you're a schmuck magnet.

But you can get relief, if only for a few minutes! Call the Sidekick Friends Network, and you'll speak with a real professional sidekick. Someone who laughs at your jokes

and never makes fun of you. Someone who's witty and intelligent, but not quite as witty and intelligent as you.

Our famous sidekicks are guaranteed to treat you like you're their best friend, meal ticket, millionaire mentor, master, saddle buddy, or water-breathing prince of an undersea kingdom. Why? Because that's what they're good at. It's what they were born to do. And now they'll do it for you! Call now, or you're a total loser!

Call **1-900-SIDEKICK** - Our friends are nicer than yours!
